## Section 2: Assessment Criteria

### Criteria 1 Delivering and measuring job outcomes.

1.1 Provide an overview of your organisation's mission and vision in support of creating meaningful jobs and employment pathways for Australians facing complex barriers to mainstream work (1800 characters max - this includes spaces; if you are copying and pasting from a document you may lose content)

1.2 Provide a brief summary of your approach to addressing the complex barriers to employment for your target group and the social support/wrap around services you provide to help them prepare for and transition to quality mainstream employment. (1800 characters max - this includes spaces; if you are copying and pasting from a document you may lose content)

1.3 Describe the impact you have achieved in the last financial year in terms of creating meaningful jobs and employment pathways for Australians facing complex barriers to mainstream

work. If relevant, please detail the number of 'award wage' jobs and employment pathways you created for your target group including retention rates and how many transitioned to mainstream employment. (1800 characters max - this includes spaces; if you are copying and pasting from a document you may lose content)

### 1.4 Estimate the number of new 'award wage' jobs and employment pathways you expect to create for your target group in FY24 and FY25 if you were successful with a grant?

\*Note individuals can be counted multiple times as having a paid job and an employment pathway.

#### 'Award wage' jobs for your target group

FY	Number of (new) people who have an 'award wage' job in your enterprise – this may be FT, PT or casual.	Number of (new) people who have "transitioned" to another employer (or are 'self-employed') as a result of your support.
FY24		
FY25		

#### Employment Pathways for your target group

FY	Number of (new) people involved in a training program delivered by your enterprise.	Number of (new) people involved in work experience through your enterprise or partner program.
FY24		
FY25		

#### Criteria 2 Business model/strategic plan

2.1 Based on the Social Enterprise Stages table and criteria for Tier 1 and 2 grants, which stage best describes your social enterprise now? Please note the 'accelerating/expanding' stage is out of scope for this early-stage funding.

2.2 Describe your organisation's business model/plan, market and goals for the next two years. Please include how the social enterprise earns income from goods and services. (1500 characters max - this includes spaces; if you are copying and pasting from a document you may lose content)

### 2.3 Estimate your projected gross annual revenue and trading revenue (from goods and services) for FY24 and FY25 if you were successful with a grant?

FY	Gross annual revenue (including grants)	Total trading revenue (from sale of goods and services)
FY24		
FY25		

FY24

FY25

### **Criteria 3 Grant Focus**

**3.1 Which of these options most closely describe the activities you will be undertaking with this grant**

**3.2 Please describe how this grant could be a game changer in helping your organisation to achieve its goals, including increasing financial resilience/sustainability and impact. (1800 characters max - this includes spaces; if you are copying and pasting from a document you may lose content)**

### **Criteria 4 Partnership and systems awareness**

**4.1 Please detail how your enterprise partners with other organisations and networks to address the complex barriers to mainstream employment for your target cohort as well as how it engages those with a lived experience of the issue your enterprise is seeking to solve in the community. (1800 characters max - this includes spaces; if you are copying and pasting from a document you may lose content)**
