

A BRIGHTER FUTURE FOR ALL IN GREATER MELBOURNE

Annual Report 2023 - 2024

ACKNOWLEDGEMENT OF COUNTRY

Lord Mayor's Charitable Foundation recognises that we live, play, and work on the lands of the world's oldest living culture, and acknowledge this privilege and responsibility with respect, humility, and willingness to listen and learn.

We acknowledge the Wurundjeri Woiwurrung peoples as the Traditional Owners and Custodians of the lands on which our office is situated, pay respect to their Elders past and present, and acknowledge their continuing connections to culture, community, land, and sea.

We extend that respect to all Traditional Owners and Custodians of Country, to all Elders past and present, and to the young leaders across Country, their voices, and the changes they are informing. We recognise the continuing connection to land, waters, community, and culture of all First Peoples, and support a Treaty with Victoria's First Peoples.

YEAR IN REVIEW

About us

A brighter future for all in **Greater Melbourne**

At Lord Mayor's Charitable Foundation, we are creating a community of social change makers who are courageous and innovative in addressing Greater Melbourne's social issues and environmental challenges.

We are collectively committed to improving the lives of people who are vulnerable and experience disadvantage. We place social justice, equity and fairness for all people at the heart of everything we do.

Looking forward to the future

Throughout this year, we have been working towards our vision for Greater Melbourne as a city for people and communities to thrive, to be resilient and with strong connections to place.

With support from our community of donors and grant partners we are working to create a better, brighter future for Greater Melbourne - one that is inclusive, sustainable, and empowers people who are vulnerable to participate in community life.

Our vision

Our vision is for a resilient and inclusive Greater Melbourne for all people supported by our inspiring philanthropy.

Our strategic approach

- To support innovative and effective solutions
- To build a strong for purpose sector
- To convene and participate in impactful collaborations and networks
- To partner with our donors to achieve their philanthropic goals.

From the Chair

LOOKING FORWARD TO THE FUTURE

The Lord Mayor's Charitable Foundation's centenary As our centenary celebrations draw to a close, our year marked a time of celebration, thoughtful focus now shifts to the future. We continue to ask reflection, and inspiring progress. As one of important questions: Where can the Foundation Australia's foremost philanthropic organisations, we make the most significant impact? How can we have long been dedicated to addressing the critical address the challenges facing Greater Melbourne with bold and brave action? issues facing our community through innovative and scalable solutions. This year, our impact was felt On behalf of the Board and staff. I would like deeply across Greater Melbourne, reinforcing our to extend our heartfelt thanks to our generous commitment to creating lasting social change.

The centenary celebrations were anchored by the launch of the For Purpose Impact Accelerator Hub, a dynamic space designed for purpose-driven organisations. It has guickly grown into a vibrant community hub, fostering collaboration and hosting events with our partners. This initiative underscores our commitment to empowering organisations that align with our vision of a more inclusive and resilient community.

We also embarked on an important reconciliation journey with Melbourne's First Nations peoples, which we hold as a central part of our future work. Our first Reconciliation Action Plan is set to launch later this year, reflecting our long-term commitment to meaningful engagement with Indigenous communities and advancing reconciliation.

We farewelled our Chief Executive Officer. Dr Catherine Brown OAM, whose leadership over the past 12 years has transformed the Foundation. Under Dr Brown's stewardship, we saw the launch of key initiatives such as the Affordable Housing Challenge, social impact investment projects, and the modernisation of the Foundation's Act of Parliament. Her thoughtful and inspirational leadership has left an indelible mark on the Foundation.

We extend our thanks to Paul Bird, former Chair of the Board, for his leadership during the centenary year and his five years of dedicated service as a Board member.

With Peter Walton now at the helm as Chief Executive Officer, we look forward to an exciting new chapter. Peter brings a wealth of experience in transformative philanthropy and a commitment to systems change, and place based locally led development.

donor community and remarkable partners. Your unwavering support enables the Foundation to continue its pursuit of positive social change.

We look forward to the future with optimism and determination, with reconciliation, sustainability, and social justice guiding every step of our journey.

Warm regards,

Gawle

From the Chief Executive Officer

EFFECTIVE GIVING TO SUPPORT REAL CHANGE

A very special mention also to our Board and From the moment I stepped into the role of staff for their dedication and hard work (and for Chief Executive Officer. I felt both honoured making me feel so welcome). Together, we are an and privileged to lead this remarkable organisation on the move, constantly reinventing foundation. Over the past 101 years, Lord ourselves to stay ambitious, forward-looking, and Mayor's Charitable Foundation has achieved focused on solutions and genuine impact. incredible milestones, but what excited me Thank you for being a part of this journey. I look most was the mandate and the platform forward to what we will achieve together in the to fundamentally make a difference in years to come. our community at a time when so many Warm regards, people are experiencing disadvantage. I am excited about the future and the Teter Walton possibilities that lie ahead. I know that the Foundation will be at the forefront of Peter Walton making a genuine difference.

As we conclude our current strategic plan, we are already beginning the process of determining our future direction. At the heart of our strategic planning will be a focus on fairness and sustainability; social justice and equity. This peoplecentred approach, being a foundation in and of community, one that seeks to be a catalyst and amplifier of the action we need to take to not only meet the needs and challenges of today, but also those that we anticipate in the coming years. As a charitable foundation for Greater Melbourne and its region, we work with communities to help

them tackle immediate needs and the root causes of our society's interconnected challenges.

We are dedicated to building communities that are connected and resilient to the vulnerabilities of extreme weather, disasters and other challenges. We play a unique role in ensuring that we connect community giving and more effective philanthropy to the activity, action and advocacy that results in real change. In short, we aim to create a relatively unique place for structured giving that makes a lasting impact.

I would like to extend my heartfelt thanks to our donor community for their unwavering support. Your generosity enables us to continue our mission and make a difference in the lives of so many.

Walking alongside First Nations

FOCUS ON FIRST NATIONS GRANTS

Lord Mayor's Charitable Foundation recently reviewed its grant partnerships with First Nations organisations and communities over the last ten years. The review showed that we have increased our grants funding in support of First Nations people from \$161,000 in 2013 to \$1.26 million in 2023.

Most importantly, the analysis shows how the Foundation's growing understanding of what it means to support self-determination is reflected in our granting. That is, our grants funding has shifted from organisations that support First Nations peoples, to funding First Nations led organisations.

Our granting supports work led by various First Nations organisations and those working in genuine partnership with First Nations led organisations, that aligns with our strategic goals and outcomes, particularly regarding social justice.

Reconciliation Action Plan

This year we continued to work on our first Reconciliation Action Plan (RAP). Our Reflect RAP has assisted us in furthering our reconciliation journey. A detailed action plan was submitted to Reconciliation Australia for review and was approved.

We have since formed a staff committee to implement our Reflect RAP including undertaking a design process inhouse and working with Murrup Biik Public Art to feature *Binak Etching* by Aunty Kim Wandin on the cover.

We continue to strengthen our commitment to reconciliation. This year we participated in Reconciliation Week and NAIDOC Week by featuring and celebrating our First Nations grant partners and participated in cultural learning activities. We established a RAP book club and worked through Clare Land's book, *Decolonising Solidarity*.

We have conducted a review of cultural learning needs for our staff and Board, implementing a range of activities to enable this learning. We joined Philanthropy Australia's First Nations Funders Group and the Australian Environmental Grantmakers Network's Indigenous Land and Sea Funders Network to learn more about best practice philanthropy in partnership with First Nations organisations.

The Eldon & Anne Foote Trust

CELEBRATING ELDON FOOTE QC AND ANNE FOOTE

Lord Mayor's Charitable Foundation Board and staff welcomed Mrs Anne Foote to the Foundation's new For Purpose Impact Accelerator Hub to officially open the Foote Meeting Room.

The new meeting room was named in honour of Mrs Foote and her husband Mr Eldon Foote QC.

Mr Foote passed away in 2004 leaving a significant gift in his Will to support the Foundation's strategic grant making program. This unparalleled generosity has enabled the Foundation to amplify its positive social impact and support for a broad spectrum of for-purpose organisations.

The Foundation's Chair, Janina Gawler, acknowledged the incredible generosity of Mr and Mrs Foote, and recognised the significant impact their philanthropy continues to have on Greater Melbourne and across Australia.

"On behalf of Lord Mayor's Charitable Foundation, I would like to acknowledge and pay tribute to your incredible philanthropy and contributions made to the people of Greater Melbourne and more broadly across Australia."

Healthy & Climate Resilient Communities

STRENGTHENING COMMUNITY RESILIENCE

The Healthy & Climate Resilient **Communities Impact Area focused on** working with priority communities and neighbourhoods on climate resilience, including First Nations, multicultural communities, and young people. We continue to support the Greater Melbourne Heat Alliance, the only forum for community and health organisations to come together to plan for heatwaves and work to reduce heat vulnerabilities.

Our support for First Nations' self-determination continues with a grant to Environmental Justice to work with Traditional Owners on addressing legal barriers to their caring for Country. We also continued to provide support for place-based, community-led climate justice through ongoing partnerships with organisations like Banksia Gardens Community Service in Broadmeadows.

Community Connector for Resilience

Our work on community climate change resilience by supporting the Community Connector for Resilience, continues to be an important conduit of organisations working on climate resilience. It is a collaborative of organisations and a website of curated resources, designed to help people, communities, and community organisations strengthen disaster and climate change resilience through sharing of information, resources, and inspiration across Victoria.

Community Connector for Resilience ^{cc4r}

Wellsprings for Women

Celebrating their 30th anniversary, WellSprings for Women supports women from migrant and refugee backgrounds. The Foundation provided support to facilitate a safe space for these women to discuss their feelings and concerns for themselves and their families in a climate changing world, both here and in their home countries.

The women identified what a climate resilient community means to them and projects they want to lead with their communities. One of these is a community garden at AMES in Noble Park for food production, and for community connections.

Homelessness & Affordable Housing

SUPPORTING SOCIAL JUSTICE IN HOUSING FOR WOMEN

Homelessness & Affordable Housing works on a range of issues aimed at preventing homelessness. Last year, the Prime Minister declared family violence as a national crisis. Family violence is the leading cause of people attending specialist homelessness services and an area of continued focus for Lord Mayor's Charitable Foundation.

We continued to support projects and programs that provide women the agency and resources to stay safe and housed. In the last year, this includes Justice Connect's online resource developed for Victorian

renters who want to utilise new Victorian laws and write a personalised letter to their landlord about their safety and privacy needs.

We funded a training program and standards for community housing providers to response to family violence within their tenancies. We also helped McAuley Community Services for Women to plan a new approach allowing women and children experiencing family violence to remain safe in their own home, rather than moving them into temporary hotel accommodation or hiding them in refuges.

Western Integrated Services **Partners (WISP)**

Accessing a range of key services through a coordinated approach is the most effective and efficient way to support victim-survivors of family violence and people experiencing homelessness. Site-based service co-ordination and integration enables better access to safe, affordable, secure housing, good health, and economic security. It is evidence-based, and recommended time and time again through research and policy.

McAuley Community Services for Women has seen the benefits for women and children when utilising an integrated service model and aims to partner with other specialist services to create a multidisciplinary service system across Melbourne's Western Metropolitan Region. This means that women and children can get the right supports, at the right time.

The collaboration includes McAuley Community Services for Women, GenWest, Refuge Vic, Caroline Chisholm Society, YWCA and Safe Steps, known as the 'Western Integrated Service Partners' or WISP. WISP will implement the project and co-ordinate the delivery of multi-disciplinary services in the key domains of housing, health, finance, legal, education, child wellbeing and employment.

Inclusive, Sustainable Economy & Jobs

SUPPORTING PEOPLE IN SAFE AND SECURE JOBS

During the past year Lord Mayor's Charitable Foundation has supported critical work at the intersection of two issues, the cost of living crisis and escalating climate impacts. Whilst headline unemployment levels remained relatively low, it has been critical to support people facing barriers to work into safe and secure jobs.

Our continued support of the Social Enterprise eco-system has contributed to a shift in how social enterprises are being seen as part of the solution by governments. Through the WISE Grant Collaboration, the Foundation joined forces with six other funders to assist Work Integration Social Enterprises grow their capacity to deliver good jobs for people facing disadvantage.

Alongside this impactful 'on the ground' work, we have nurtured a portfolio of high impact projects aimed at influencing economic policy choices that prioritise people and communities experiencing cost of living and climate pressures. This work is wide ranging and includes mobilising local grassroots networks seeking local policy change and national movements working towards fair, fast and inclusive climate action.

WISE Grant Supports Expansion -Sisterworks

SisterWorks, a Melbourne-based not-for-profit social enterprise empowering migrant, refugee and asylum-seeker women, proudly opened its new Sustainable Production Hub in Springvale during Refugee Week.

The new facility will strengthen SisterWorks' existing capabilities, including assembling, packing, repurposing unwanted materials, upcycling and equipment rental and repairs. This initiative specifically targets the City of Greater Dandenong, a culturally rich area with the highest rate of families lacking a parent in paid employment in metropolitan Melbourne (31%).

Sisterworks Chief Executive Officer Ifrin Fittock said, "It is fantastic to receive this WISE grant, the support will allow us to not only increase our capacity and sustainability but we will be able to double the number of employment opportunities for migrant and refugee women in South East Melbourne. Women in this region encounter growing obstacles, and this support will significantly alleviate these challenges."

SECTOR CAPACITY BUILDING GRANTS

Lord Mayor's Charitable Foundation works on addressing key social and environmental issues in communities, recognising how important it is to support charitable organisations and encourage community giving.

The charitable sector plays a crucial role in Australia's wellbeing, especially in tough economic times, acting as a safety net for social and environmental needs. The Foundation is committed to ensuring that the charitable sector remains strong and can adapt to changing demands.

The Foundation also funds research to better understand community needs and to help grow the social and impact investment sectors.

Youth in Philanthropy

YOUNG CHANGEMAKERS LEADING THE WAY

Youth in Philanthropy (YiP) is a program that empowers young students in Greater Melbourne to learn about community philanthropy whilst making a meaningful. positive impact on the world around them.

In 2023, students from 13 schools across Greater Melbourne participated in the program undertaking activities in fundraising and grant making.

At the YiP23 Insights event in November, guest speakers Anna Donaldson, CEO at Lively and Jack Howes, Head of Funding and Partnerships at HoMie, provided the students with insight into how their organisations work to support young people to participate in training and employment in the caring and retail sectors.

Lord Mayor's Charitable Foundation would like to thank our incredible grant partners and supporters William Angliss Charitable Fund, Wheelton Philanthropy and Collier Charitable Fund for their ongoing support.

Students from across Greater Melbourne came together to learn about community philanthropy and how it is able to have a positive social impact. Photo credit: Hynesite Photography

Charitable Fund Accounts

GIVING TOGETHER. FOREVER

Lord Mayor's Charitable Fund is a public ancillary fund that brings together individuals, families and organisations who want to make a positive difference to people, places and the causes they care about.

Many chose to do this through a Charitable Fund Account, or sub-fund, to use a formal giving structure to enable strategic and perpetual support. They are frequently created to honour the memory of a loved one, to engage family members or employees in giving, and to ensure a lasting legacy.

The Foundation provides donors with guidance and support for grant making and manages all compliance, investment and financial matters. This enables donors to focus on their philanthropy and the impact of their giving.

We thank all our Charitable Fund Account holders for the trust and confidence they place in us to help them channel their giving in a way that is most meaningful to them and acknowledge the collective impact of the support they have provided to many charities.

Swanson Society

CELEBRATING THE COLLECTIVE LEGACY AND GENEROSITY OF OUR DONORS

Lord Mayor of Melbourne Sir John Swanson is acknowledged as the founder and first president of The Lord Mayor's Fund for Metropolitan Hospitals and Charities.

When Sir John established the Fund in 1923, he envisioned an endowment scheme to grow an income in perpetuity so that hospitals and charities would receive a reliable income to plan for public healthcare needs and maintenance.

When Sir John passed away in February 1924, he left a gift of £500 in his Will to the Fund. This would become the beginning of the Fund's endowment scheme.

In September 2015 the Swanson Society was launched to honour valued donors who have included a gift in their Will to the Foundation. It provides opportunities for donors to engage with the Foundation's vision for positive social change, and to learn more about the work of the Foundation, the social issues of the day, and the impact of participating in community philanthropy.

A Swanson Society morning tea was held on 14 June 2024 at the Melbourne Town Hall to celebrate the legacy of Sir John Swanson by recognising the collective impact and generosity of our donors as well as the ongoing impact of our grant program.

The celebration opened with a Welcome to Country by Wurundjeri Elder Uncle Perry Wandin, before we thanked Sally Capp AO for her incredible support of Lord Mayor's Charitable Foundation during her term as Lord Mayor and our Honorary Patron. The Foundation's new Chair, Janina Gawler, was introduced before joining our CEO. Peter Walton. for a Q&A session with guests.

We thank our donors who have made the verv personal decision to leave a gift in Will.

The Foundation's Board and staff joined donors at the Swanson Society morning tea held at the Melbourne Town Hall, 14 June 2024.

Gifts in Wills

For 100 years Lord Mayor's Charitable Foundation has been the trusted custodian of gifts and bequests from many generations of donors. The Foundation is very grateful to our donors for their commitment to a legacy for the health and wellbeing of future generations. We acknowledge beguests received by the Foundation in 2023-24 and express our condolences to the family and friends of these generous donors.

BEQUESTS Estate of Lorna Jessie Cooper

Fifty Years of Giving

A LIFETIME OF GIVING AND COMMUNITY SERVICE VALE FRANK SIMS

Not many of our donors have celebrated their own centenary, but Frank Sims, one the Lord Mayor's Charitable Foundation's most respected donors, was 100 years old when he passed away in May this year.

Frank, and his wife Meg, first become donors 50 years ago after responding to one of the Foundation's annual fundraising appeals.

In 2010, after Meg had passed away, Frank established a charitable fund account to honour her life as a dedicated wife, mother and generous community volunteer and supporter.

Frank grew up in Abbotsford during the Depression years and used to recall the great community spirit that was experienced then. He often spoke of how everyone looked out for each other, such as when his father was ill in hospital. This kindness left a lasting impression. He felt he had had a fortunate life and liked to help when he could.

After enlisting on his 18th birthday in the Royal Australia Airforce. Frank was soon sent to Canada for training and then on to England during World War 2. For three years he was part of an Allied forces team and was stationed in Scotland.

Frank and Meg were married in 1947 and settled into family life with their son and daughter, and watched as their family grew to include eight grandchildren and four great grandchildren.

Frank's career spanned 45 years with the State Electricity Commission and by his retirement he was the director of human resources overseeing a workforce of 23,000 staff.

Fifty years of Frank's support has touched many lives and now his legacy lives on through his Charitable Fund and generous gift in his Will. With this final gift, Frank's desire to help others continues in perpetuity and with an increased impact for the areas of support Frank was so passionate about.

The Foundation has recently welcomed Frank's daughter Elizabeth as fund successor. She had this to share about her father's commitment to supporting community:

"My Dad had great Christian faith all his long life. He was sustained by it, motivated by it, strengthened by it, in all he faced in life. He showed his faith in his love of people he helped them all financially and practically.

"Privately and without fanfare, Dad made a huge contribution to the welfare and happiness of recipients of charities through the Meg and Frank Sims Fund that he established through the Lord Mayor's Charitable Foundation. The Fund is huge for a man not of great wealth."

(Above) Frank Sims was dedicated to supporting charitable causes and his local community throughout his life.

Community Charitable Funds

STRENGTHENING NEIGHBOURHOODS

The Lord Mayor's Charitable Foundation was established with a single purpose: to harness and direct the generosity of Melburnians to where it could do the greatest good for their fellow residents in need.

Community Charitable Funds are a type of sub-fund that perfectly reflects this goal. Community Charitable Funds provide local communities with an opportunity to encourage philanthropy and direct residents' collective fundraising towards strengthening the local area through the empowerment of local charities. The Foundation hosts twelve Community Charitable Funds, established by local councils. They are advised by a committee of representatives from the local community and may include council staff. Committees enable local expertise to guide where there is the greatest need.

The Foundation holds and invests the donated funds, provides governance and grant making support, while local communities encourage giving from residents, businesses and their staff to help support their community in perpetuity. Donations are raised via community events and communications. All resulting in a positive ecosystem of support.

Fifteen years of collaborative support

Two of our Community Charitable Funds recently celebrated 15 years of supporting community – both the Frankston Community Fund and the Brimbank Community Charitable Fund were established in 2009.

Each Local Council Area has a unique profile, community needs and priorities.

The Frankston Charitable Fund, based in the southeast of Melbourne, aims to raise much-needed funds to assist charitable organisations that operate within the Frankston community. Grants most recently supported seven charities who between them are addressing a range of areas including food security, period poverty, support for those with a disability, enhancing outdoor spaces at local schools, and providing education resources for volunteers who visit children in care.

The Brimbank Community Fund, located in the west of Melbourne, supports projects that provide grass roots solutions to challenges faced by the municipality's most vulnerable residents. The Fund is chaired locally by a former Brimbank Mayor. Their most recent grants focus on health and wellbeing and life-long learning programs largely facilitated through Neighbourhood/Community houses and Youth Clubs. In addition, the recent funding of defibrillators at four Neighbourhood House locations will improve the heart safety of the community and help save lives.

Recipients of Frankston Charitable Gifting Fund grants for 2024 were announced at an event hosted by Frankston City Council. Mayor Nathan Conroy (centre) announced the seven charities receiving grants from the Frankston Charitable Fund this year.

Brimbank Community Fund grant recipients Duke Street Neighbourhood house – Jessica Kendall (Secretariate), Louis Beunder and Margaret Giudice (Chair).

Celebrating a Decade of Impact

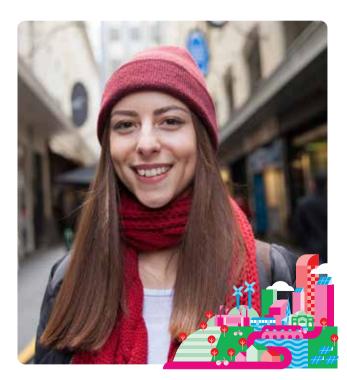

PARTNERSHIPS FOR CHANGE

Our vision is for a better, fairer Greater Melbourne for generations to come. There are many ways people give through Lord Mavor's Charitable Foundation. Appeals are one way for them to come together for a common cause that is meaningful to them.

In 2024 Lord Mayor's Charitable Foundation piloted GIVE Melbourne, an online fundraising campaign that was a collaboration with three of our project partners; Infoxchange, Good Cycles and Sweltering Cities – three of the for-purpose organisations that call the Hub their home.

It was wonderful to see people rallying for Melbourne and coming together to support communities cope with the increasing effects of climate change, tackle homelessness, and create inclusive employment opportunities in Greater Melbourne.

Lord Mayor's Charitable Foundation are grateful to our donor community who made 139 donations during the Appeal, and particularly to the 46 new donors who came on board.

How the GIVE Melbourne appeal donor contributions helped:

LORD MAYOR'S CHARITABLE FOUNDATION

The For Purpose Impact Accelerator Hub provides support and co-sharing spaces for organisations to get great ideas off the ground and scale their impact.

SWELTERING CITIES

Rising heat is a health emergency that impacts some of our most vulnerable community members. Sweltering Cities works directly with communities in our hottest suburbs to campaign and advocate for more liveable, equitable and sustainable cities. They do this so people who live in hot suburbs and homes have the option to stay safe in heatwaves, and for our cities to be transformed to reduce carbon emissions and be safe in our future climate.

GOOD CYCLES

Good Cycles' Youth Employment Program uses a work-first approach, offering jobs to people aged 18-29 with real income alongside tailored coaching and support. The 'learn by doing' approach is offered with personal choice and an inclusive workplace to deliver technical and transferable skills. Longterm employment alongside support helps build confidence, stability and networks, enabling young people to continue to overcome barriers and achieve their full potential.

INFOXCHANGE'S ASK IZZY

The Ask Izzy website bridges the gap between the daily crises countless individuals face every day such as food insecurity and homelessness - and the help they urgently need. Without requiring mobile data, this free, anonymous platform connects users to an up-to-date directory of over 430,000 essential services across Australia, such as housing, meals, and counselling.

MELBOURNE WOMEN'S FOUNDATION

The Melbourne Women's Foundation recently marked its 10th anniversary. staying true to its roots of uniting individuals driven to make a difference in the lives of women.

Founded in 2014 by Patricia Burke OAM and Gillian Hund OAM. Melbourne Women's Foundation (MWF) has grown into one of Australia's most recognised giving circles. It uniquely combines community spirit with significant social impact for the benefit of women and families in Greater Melbourne. Initially launched as Melbourne Women's Fund with the support of the Lord Mayor's Charitable Foundation, Melbourne Women's Foundation is now a thriving independent foundation with 160 members and its first CEO. Liza Nadolski.

At the recent anniversary celebration, Patricia and Gillian were honoured for their dedication to women's collective philanthropy. Since beginning in 2014 with 87 members, Melbourne Women's Foundation will have granted approximately \$1.5 million to nonprofits addressing critical issues facing women and families across Greater Melbourne by the end of 2024.

Melbourne Women's Foundation's community-driven philanthropy has positively impacted many women's lives by strengthening nonprofits and fostering community connections. In 2023, it received global recognition from Philanos, an international network of giving circles. Mary Latham, former CEO of Women and Mentoring, shared how MWF's initial funding unlocked further resources and credibility, reinforcing the "giving circle magic."

Lord Mayor's Charitable Foundation's CEO Peter Walton, commended Melbourne Women's Foundation:

"On behalf of Lord Mayor's Charitable Foundation, I would like to congratulate Melbourne Women's Foundation for reaching this incredible milestone, and inspiring collective giving in Australia. Many nonprofit organisations will continue to benefit from your thoughtful leadership and impact through your grant making."

> Melbourne Women's Foundation co-founders Patricia Burke OAM and Gillian Hund OAM celebrated 10 inspiring years of MWF with members at a special anniversary event.

Finance and Investment Report

LORD MAYOR'S CHARITABLE FOUNDATION CONSOLIDATED GROUP

INVESTMENT APPROACH

Our corpus of \$262.5 million has been built up over a century through the careful investment of bequests and gifts during the lifetimes of many committed donors. The Lord Mayor's Charitable Foundation has taken some significant steps during financial year 2023-24 in some key areas of focus and enhancements for the investment portfolio.

The priorities included:

- Maximise the investment portfolio's returns in line with the Foundation's risk tolerance.
- Continue to progress our transition to a net zerocarbon portfolio (our decarbonisation journey).
- Build further momentum within the Foundation's Impact Investment strategy.

The Foundation's Investment Advisors, Cambridge Associates team has played an important role in advising and working with the Foundation to progress on these priorities.

Key developments during the financial year:

- A new Australian Equities manager was appointed in the last quarter of the financial year and onboarded during July 2024. Four new investment funds were approved by the Investment Committee, within the Infrastructure, Impact and Private Equity allocations, of which three were focused on climate and sustainability.
- The Foundation implemented during November 2023, a change in International Equities to track the MSCI World ex-Australia Climate Paris Aligned Index for improved climate alignment.
- Decarbonisation activities included an annual measurement of the Foundation's carbon footprint for its investment portfolio, a detailed carbon and ESG review of each asset class, and strategies to further reduce the portfolio's carbon footprint and increase climate-aligned investments.

MANAGING RISK

The Foundation's Investment Committee and Board considered the investment risk metrics to further develop the investment philosophy of the Foundation. The risk appetite and budget address the challenges of maximising returns, maintaining corpus assets, and growing grant distributions at an acceptable level of investment risk. During the Investment Policy Statement review undertaken this financial year, the Foundation maintained its risk appetite and investment risk profile and it its return target to CPI +4.5%. This approach assists the Foundation to have confidence regarding the sustainability of its distributions from the corpus for grants and operating activities and without impacting the volatility of the investment returns over time.

The Board maintains a risk budget characterised by risk metrics which are monitored by the Investment Committee in consultation with its advisors. The risk metrics comprise:

- 1. Return target at least CPI +4.5% p.a. measured over rolling 10 years;
- 2. Volatility of Distributions expected worst case annual distribution volatility of 15%;
- 3. Drawdowns expected worst case drawdown (loss) over 3 years of 25% of the corpus value.

STRATEGIC ASSET ALLOCATION

The Foundation, as the trustee of perpetual charitable funds, adopts a long-term investment view. A balanced approach is required to continue growing the consolidated investment corpus and level of distributable income available to provide grants to charities. In uncertain economic times, it is all the more important that we take a disciplined, long-term approach in managing the portfolio. The SAA is reviewed every year, there were no material changes during the year. The Committee focused on researching and implementing opportunities in Private Equity, Impact Investments and Infrastructure. The benefits of these changes include enhanced return potential, increased diversification, exposure to new strategies and markets, and an abundant choice of quality sustainability and impact specific funds. Impact investments must deliver both an acceptable financial return and a demonstrated social and/or environmental benefit.

The Foundation continued to adopt an opportunistic approach through dynamic asset allocation within the SAA during the year. Rebalancing between asset classes is undertaken in consultation with our external investment advisor. Australian and International Equities are overweight, but these partially offset the underweight allocation in Private Equities and Impact Investments.

Rebalancing opportunities generated \$9.564M in realised capital gains during the year, (2023: \$3.172M). At the end of June 2024, the actual asset allocation comprised 68.8% growth assets with 24% foreign currency exposure.

INVESTMENT PORTFOLIO AS AT 30 JUNE 2024

Finance and Investment Report

LORD MAYOR'S CHARITABLE FOUNDATION CONSOLIDATED GROUP

INVESTMENT PERFORMANCE

Financial year 2023/24 delivered a strong performance. International Equities finished the year strongly and was a major contributor to performance. Tech-heavy markets in the US and Asia lead positive growth in equity earnings, as well as increased enthusiasm in AI. Other top contributors to performance were Australian Equities. Infrastructure and Alternative Debt. Financial markets

Most major global central banks (excluding Australia) have started to cut interest rates in response to moderating inflation and a weaker economic outlook. However, the effectiveness of these measures will depend on various factors, including consumer confidence, global trade dynamics and geopolitical developments. As central banks navigate this complex environment, they must balance the need for economic support with the risk of reigniting inflationary pressures.

The Foundation is preparing for further volatility ahead and Cambridge Associates will continue to monitor the investment portfolio to ensure that it can withstand the current market uncertainties that could result in headwinds facing markets in the near and likely medium term.

PERFORMANCE SUMMARY YEAR ENDED 30 JUNE 2024

Net Performance after fees	5 years % pa	3 years % pa	FY 24 % pa
Total Return	5.4%	5.9%	8.6%

PERFORMANCE SUMMARY

The diversified construct of the Foundation's investment portfolio has ensured that the impacts of market volatility were limited with an annual return for the financial year of 8.6%, outperforming its benchmark of 8.3% by 0.3%. Since inception of the new investment strategy in mid-2017, the LMCF portfolio returned 6.0% annualised, net after fees.

The Foundation is invested in a portfolio that is diversified across asset classes to generate returns that are not only competitive, but sufficiently steady to ensure year on year the Foundation's granting can be consistently maintained to meet multi-year programs.

¹Long Term Strategic Assets Allocation

NET-ZERO CARBON PORTFOLIO. AND SUSTAINABLE AND IMPACT INVESTMENTS

As part of the Foundation's process of developing and implementing a sustainable investment strategy across the portfolio, the Foundation took the following actions:

- In April 2023 the Foundation appointed Australian Impact Investments to further enhance its impact investment approach and strategy.
- The Foundation's International and Australian Equities asset classes have fossil fuel exclusions. (being companies that derive 10% of revenue from thermal coal, oil and gas extraction).
- The Foundation's International Equities portfolio was changed to track the MSCI World ex-Australia Climate Paris Aligned Index which is aligned with achieving a 1.5% temperature rise scenario and has a self-decarbonisation rate of 10% year on year.
- Approved three new funds with an environmental focus that span across Australian Equity, Infrastructure, Private Equity, and Impact Investments.
- Continual monitor of existing Fund managers to influence and promote change.

The above actions are estimated to have reduced the investment portfolio's carbon footprint by nearly 40%.

Finance and Investment Report

LORD MAYOR'S CHARITABLE FOUNDATION CONSOLIDATED GROUP

DECARBONISATION - INCREMENTAL STEPS ADD UP

stimate of carbon potprint prior to lecarbonisation ction	Carbon footprint (TCO2E / A\$M	invested)
Previous 1		100.9
une 2023 ootprint (est.) ²	71.8	-28.9
Current Footprint une 2024 (est.) ³	60.4	-40.2
PPROVED CARBOI	I N RELATED ACTIONS	
Australian Equit	 Add in fossil fuel exclusion revenue threshold from for 	

		(thermal coal, oil and gas)
	Global Equity	 Add fossil Fuel reserves exclusion - 10^o revenues threshold from fossil fuels (thermal coal, oil and gas) Change NT mandate to MSCI Climate Paris Aligned Index
	Private equity	 Commit A\$3.5m to Adamantem Environmental Opportunities Fund I Commit ~ A\$3.0m to Activate Capital Fund III
	Infrastructure & Property	 Increase allocation to renewable infrastructure Commit ~ A\$5.0m to Copenhagen Infrastructure Partners Fund V Commit ~ \$4.6m to Climate Adaptive Infrastructure Fund III
	Fixed Income	 No Change - Blackrock has an ESG mandate
•	Alternative Debt	 No change - Engage with managers to decarbonise the portfolio

 $^{\rm 1}$ Previous carbon footprint is calculated using MSCI World ex-Australia index as global equity to indicate carbon footprint without decarbonisation overlay ² Both Igneo's GDIF and Metric's DASLF revised their prior year carbon footprints citing a change in methodology to better align with the industry accepted PCAF emissions accounting framework. Igneo revised their carbon footprint down by 37% and Metrics revised their carbon footprint up by 119% ³ The FY24 carbon footprint of the portfolio was reweighted to exclude cash, impact loans, private equity and impact investments

The carbon footprint is calculated using MSCI data for listed funds, and manager reported data for unlisted funds. Most asset classes are included (excludes cash, impact investments and impact loans), and the footprint is scaled up for assets not covered in the analysis.

Going forward, the transition to a net-zero carbon portfolio is likely to include a blended approach between divesting assets, adding climate-aligned investments and working with our fund managers to ensure portfolio companies are working to decarbonise. For each asset class, the approach will be different.

FINANCIAL PERFORMANCE

The Foundation managed its operating and grants budget closely during 2023/24, closing the year within its spending rule parameters. Strategic and donor-advised grants of \$11.457M were made. The Foundation monitored its operating expenditure closely during the year, as it relocated to its new premises and set up the For Purpose Impact Accelerator Hub. The Hub is a vibrant centre generating Impact for the NFP sector.

2% | Management in consultation with Cambridge Advisors reviewed the Spend Rule methodologies for its total spend for grants and operating expenditure. The Foundation is transitioning from its current Hybrid Spend Rule to the Trailing Market Value approach. The change will be in a staged approach over three years. The transition to the Trailing Market Value approach will assist further in maintaining the real value of the investment corpus over time.

LOOKING AHEAD

The Investment Committee will adhere to the philosophy of investing for the long term with a diversified portfolio mix of both growth and defensive assets and with a greater focus on growth and diversification, the Foundation is positioned to generate higher returns over a long-term horizon.

As we enter the new financial year and given the macroeconomic uncertainties lying ahead, including slowing economic growth due to higher interest rates and inflation pressure and potential softening demand, we remain vigilant and nimble in our investment approach. The Foundation has sufficient liquid assets to enable us to opportunistically deploy into the equity markets if they become more attractive and invest in new asset classes for greater portfolio diversity. The Investment Committee will continue to balance risk and return within the Board's approved risk appetite to provide a strong, reliable, and growing funding stream in conjunction with growing long-term corpus investments.

Report of the Independent Auditor on the Summary Financial Statements to the Members of Lord Mayor's Charitable Foundation

Opinion

The summary financial statements, which comprise the summary consolidated statement of financial position as at 30 June 2024, the summary consolidated statement of profit or loss and other comprehensive income for the vear then ended and the related notes (the "summary financial statements"), are derived from the audited financial report of Lord Mayor's Charitable Foundation consolidated group for the year ended 30 June 2024 (the "Audited Financial Report")

In our opinion, the accompanying summary financial statements are consistent, in all material respects, with the Audited Financial Report, on the basis described on in the basis of preparation note.

Summary Financial Statements

The summary financial statements do not contain all the disclosures required by the Australian Accounting Standards applied in the preparation of the Audited Financial Report. Reading the summary financial statements and the auditor's report thereon, therefore, is not a substitute for reading the audited financial report and the auditor's report thereon. The summary financial statements and the audited financial report do not reflect the effects of events that occurred subsequent to the date of our report on the audited financial report.

The Audited Financial Report and Our Report Thereon

We expressed an unmodified audit opinion on the audited financial report in our report dated 3 October 2024.

Other Information

The Directors are responsible for the other information. The other information comprises all information in the annual report 2023-2024, but does not include the summary financial statements (on pages X to X)and our auditor's report thereon

Our opinion on the summary financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the summary financial statement, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the summary financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report. we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

The Directors' Responsibility for the Summary Financial Statements

The Directors are responsible for the preparation of the summary financial statements on the basis described on in the basis of preparation note.

Auditor's Responsibility

Our responsibility is to express an opinion on whether the summary financial statements are consistent, in all material respects, with the audited financial report based on our procedures, which were conducted in accordance with Auditing Standard ASA 810 Engagements to Report on Summary Financial Statements
